1. Login Screen

The program will open to the login screen, where the user will enter their username and password. After inputting their username and password, the user will click the LOGIN button to bring the user to the MAIN page. If the user is new to the program, the user will need to create an account by clicking on the NEW USER button, which will bring user to the CREATE ACCOUNT page.

Figure 1: Login Screen
2. Create Account

To create an account, the user needs to input a username, password, and email address. Additionally, the user must distinguish whether the user is faculty or a student. A faculty member will be able to add projects for students to work on. Once the user has input the information, clicking on the CREATE button will create a user account and direct the user to the MAIN page.

3. Main Page

At the MAIN page, the user can be directed to four other pages: VIEW/EDIT ACCOUNT, YOUR PROJECTS, AVAILABLE PROJECTS, and ADD PROJECT. Additionally, to logout of the account, the user can press the LOGOUT button at the top right of the page, which will direct the user back to the LOGIN screen.

4. View and Edit Account
On the VIEW/EDIT ACCOUNT page, the user will see the username, password and email for the account. In order to change the password, the user should enter in a new password in the box on the line that starts with “New Password” and click on the CHANGE button directly below. The user can change their email by entering in a new email in the box on the line that starts with “New Email” and click on the CHANGE button directly below. After clicking on either CHANGE buttons, the account of the user will be edited, and the user will be directed back to the VIEW/EDIT ACCOUNT page, which will show the changes made by the user. Clicking on the BACK button will return the user back to the MAIN page. Clicking on the LOGOUT button will log the user out of their account, and direct the user back to the LOGIN screen.

5. Your Projects

From the MAIN navigation page, the user may select the YOUR PROJECTS link to access their project list page.

   a. Current Projects

   On the upper part of the page, the projects which have been

![Figure 4: Account Edit Page](image1)

![Figure 5: Your Projects Page](image2)
created by other users and the current user has joined are listed. Once the user selects one of these links, they are brought to the PROJECT page for the chosen project.

b. Submitted Projects

The lower portion of the page lists the projects which have been submitted by the current user. Selecting one of these links will bring the user to the PROJECT page for the chosen project.

The BACK button returns the user to the MAIN navigation page and the LOGOUT button will log the user out of the program and return them to the LOGIN screen.

6. Available Projects

a. List of departments

Selecting the AVAILABLE PROJECTS link on the MAIN page brings the user to the list of departments in which projects are available. Select a department to go to the LIST OF PROJECTS within the department page.

i. List of projects within department

Once the user selects a department from the list, they are brought to the LIST OF PROJECTS within the department. Clicking the name of a project will bring the user to the PROJECT page.
The BACK TO DEPARTMENT LIST button will return the user to the LIST OF DEPARTMENTS page. The BACK TO MAIN button links the user to the MAIN navigation page.

On the LIST OF DEPARTMENTS page, the user may select LOGOUT to logout of the program and return to the LOGIN screen. Then the BACK button returns the user to the MAIN navigation page.

7. Project Page

The PROJECT PAGE is linked to from the multiple project lists. Included on the PROJECT PAGE is the project’s title, and description as well as the people working on the project and the working status of each of the people.

The LOGOUT button logs the user out of the program and returns them to the LOGIN screen. The PROJECT LIST button links the user to the projects which are in the same department as the one they are currently viewing. The YOUR PROJECTS button returns the user to the YOUR PROJECTS page.
If the user selects a project for which they are not a member the JOIN button is given, and the UPDATE STATUS and TERMINATE buttons are hidden. If the user is a member of the project, the opposite is true.

a. Join

When a non-member selects JOIN, they are immediately taken to the screen for the user, and they are now listed under the WHO title.

b. Update Status

The UPDATE STATUS link brings the user to the UPDATE STATUS page. On which, the current statuses of all of the users are listed then there is a textbox where the user can type their new status. After typing a new status, the user must select SUBMIT for it to register. Once SUBMIT is clicked on, the user is returned to the PROJECT page. The BACK button returns the user to the PROJECT page without saving the new status.

c. Terminate

By clicking on the TERMINATE button, the user removes their name from the list of members and they become non-members. They are then
brought to the non-member view of the PROJECT page. Once all members have selected TERMINATE, the project is deleted.

8. Add to Projects

To add a new project, select the SUBMIT A PROJECT button from the MAIN navigation page. Enter a title and description for the project in the appropriate text boxes. Then select an appropriate department from the dropdown department box.

Select SUBMIT to save and publish the project and go to the member view of the PROJECT page.

Select the BACK button to cancel the creation of a new project and return to the MAIN navigation page.
